The screenshot shows the Itch.io page for the game "Like roots in the soil". The page has a light beige background. At the top, there's a navigation bar with the URL "spacebackyard.itch.io/like-roots-in-the-soil" and some site icons. Below that, there are two quotes from reviewers: "Like Roots In The Soil is something new in a dusty genre." by Kate Gray - Waypoint / Vice, and "It's a really cool mechanic that is used to tell a short story about how the setting has changed over time, with some poetic writing and a happy ending." by Samuel Horti - Rock Paper Shotgun. There are also three award logos: LEFTFIELD COLLECTION, AMAZE NOMINEE 2018, and ADVENTUREX. A blue arrow points to the "Download Now" button. Below the button, there's a "Comments" section with a text input field.
